Professional Summary

Motivated and detail-oriented software developer with hands-on experience in modern web development technologies including React, Next.js, and Tailwind CSS. Skilled in developing responsive, user-centric, and high-performance web applications. Passionate about open-source contributions and solving real-world problems through clean, maintainable code.

EDUCATION

Vivekananda Institute of Professional Studies — B.Tech in Artificial Intelligence & Machine Learning
Pitampura, Delhi | 2022 – 2026

SR DAV Public School — Higher Secondary (Science)
Dayanand Vihar, Delhi | Scored: 92%

TECHNICAL SKILLS

Languages: C/C++, JavaScript, Python
Web: HTML5, CSS3, Typescript, React, Mysql, Shadcn, NextJS, Framer Motion, GSAP
Developer Tools: Git, Github, VS Code, Canva, Figma

PROJECTS

INNOVRITI ↗   FEB 2025

Tech Stack: Next.js, TypeScript, Tailwind CSS, Framer Motion

- Designed and deployed a fully responsive and accessible event website using modern front-end frameworks.
- Integrated direct registration functionality and real-time updates using dynamic routing and client-side state management.
- Enhanced UI/UX with animation libraries for smooth transitions and engaging interaction.

YouTube V2 ↗   JAN 2025

Tech Stack: React.js, Tailwind CSS, YouTube API

- Developed a functional YouTube clone enabling video search, streaming, and dynamic content loading.
- Implemented recommended and recent video components with efficient API data handling.
- Emphasized responsive layout and intuitive navigation using React hooks and conditional rendering.

Apple Promo Website ↗   NOV 2024

Tech Stack: React.js, Three.js, Tailwind CSS, GSAP

- Created an immersive, high-fidelity promotional website using 3D models and animation libraries.
- Showcased iPhone product features with interactive scrolling, animated transitions, and real-time rendering.
- Focused on performance optimization and responsive design across multiple devices.

Portfolio Website ↗   MAR 2025

Tech Stack: Next.js, React.js, Tailwind CSS, Framer Motion, GSAP

- *Designed and developed a responsive, performance-optimized personal portfolio to showcase web development projects and technical skills.*
- *Integrated smooth animations, scroll-triggered effects, and dynamic sections using Framer Motion and GSAP.*
- *Emphasized modern UI/UX principles with accessible design, mobile-first responsiveness, and modular components.*
- *Features include a project showcase, tech stack highlights, contact form, and real-time GitHub integration.*
